ILLINOIS STATE POLICE MISSION

We, the men and women of the Illinois State Police, are dedicated to the pursuit of professionalism and excellence in all we do, and we work to build and enhance our capacity to serve Illinois and its people in a spirit of trust, cooperation, and reliability. With a view to the future of Illinois, in our desire to contribute to our State's growth and progress:

We act to promote and sustain a safe, orderly, and positive environment for all people in the State of Illinois.

We seek to work as partners and mentors with law enforcement, criminal justice, public service agencies and the public, and to serve as a valuable resource in support of our state, its government, and its people by providing highway and public safety; investigative, forensic, and communications expertise; and the highest-quality training services.

We strive to improve the integrated services we offer and the cooperative relationships we foster by making optimal use of available technological resources and by encouraging the highest standards of performance among our organization's most valuable asset — the men and women of the Illinois State Police.

We advocate and encourage leadership and innovation with the law enforcement community.

We acknowledge the diversity of background and experience characterizing the men and women of the Illinois State Police is a principal source of our organization's strength, and we provide for the personal and professional growth and development of all our people.

We recognize our relentless commitment to integrity, service and pride is the cornerstone of our organization and the foundation for all we do.
